# NAZISH IFTIKHAR

*Full Stack Developer*

Karachi, Pakistan | +92 335 3292174 | nazishiftikhar452@gmail.com | github.com/Nazish-Iftikhar | linkedin.com/in/nazish-iftikhar-ba2522304

## PROFESSIONAL SUMMARY

Motivated and detail-oriented Full Stack Developer with hands-on experience across the .NET, Python, PHP/Laravel, and JavaScript ecosystems, gained through self-driven projects and continuous learning. Comfortable working across the stack, from building responsive front-end interfaces with React and Angular to developing structured back-end services and APIs with C#, ASP.NET Core, Python/Flask, and Laravel, and extending into cross-platform mobile development with Flutter. A fast learner with a strong sense of ownership and attention to detail, seeking to contribute to a collaborative engineering team and grow into a well-rounded software developer.

## TECHNICAL SKILLS

**Languages:** C#, Python, PHP, JavaScript, Dart, HTML5, CSS3

**Frameworks & Libraries:** ASP.NET Core, Flask, Laravel, ReactJS, Angular CLI, jQuery, Flutter, Bootstrap

**Concepts:** Full-stack web development, RESTful API design, responsive UI design, cross-platform mobile development, MVC architecture

**Tools:** Git, GitHub, Visual Studio, VS Code, Postman

## EXPERIENCE & PROJECTS

**Full Stack Developer (Self-Directed Projects & Coursework)**

*2023 - Present*

- Built structured back-end applications and RESTful APIs using C#, ASP.NET Core, Python with Flask, and PHP with Laravel, applying MVC patterns and clean code practices.
- Developed dynamic, responsive front-end interfaces using HTML, CSS, JavaScript, jQuery, and ReactJS.
- Applied Angular CLI to build modern, component-based web applications.
- Designed and developed cross-platform mobile applications using Flutter and Dart.
- Used Python and Flask to build lightweight web services and automate small data-handling tasks.
- Practiced version control and collaborative workflows using Git and GitHub, and tested APIs using Postman.
- Strengthened understanding of end-to-end full-stack workflows by integrating front-end interfaces with back-end services and APIs.

## EDUCATION

**Advanced Diploma in Software Engineering** — Aptech Learning

*2023 - 2026*

**Intermediate in Pre-Engineering** — Govt Degree College for Women

*2022 - 2023*

**Matriculation** — Asghar Crescent Grammar School

*Passing Year: 2021*
